Hi, John,

The Indianapolis Public Library does not have detailed financial reports for IPS. At one time, we received the annual reports from the School Board, but the most recent ones we have are from the 1990s.

You can find financial reports on the IPS website if you go to the School Board tab, then click on Board Docs which will take you to the page at this link:

http://www.boarddocs.com/in/indps/Board.nsf/Public

Once at the above link, click on Search, then type in the search box: Finance; press Enter. This will bring up a list of reports on the left which you can click on and read. Here are two reports I found using this search:

http://www.boarddocs.com/in/indps/Board.nsf/files/9PXJM448CEBA/$file/Treasury%20Report%20Comparative%20YTD%202014-09.pdf

http://www.boarddocs.com/in/indps/Board.nsf/files/9Q4GTT451ABA/$file/2014%20Expenditure%20Analysis.pdf

I tried to find the IPS Annual Reports among the Board Docs, but was not successful in the time I had. If you need those, you might call the IPS Schools on Monday to see if they can assist you with that. The phone number is 317-226-4418.

I hope this information is helpful. Thank you for contacting us.3177-226-4418

Message: What is a good source for detailed financial information on the Indianapolis Public School District for the last five years. The Myips site has budget information, but little actual expense reporting. I am wondering what records/documents the library may have.

Hi Kate,

Thanks so much for the information. I'd seen that site before, but didn't have much luck finding anything; so your instructions were a big help. These documents are just what I was looking for.

Thanks,
-John
